Frozen Uncarbonated Beverage (FUB) Freezer

Single Flavor

Features

Serve non-dairy frozen beverages, like cocktails, smoothies or frozen lemonade, fruit juices, coffees, cappuccino and tea. Pre-mix may be dispensed directly into a cup or blend flavors for more variety.

Freezing Cylinder

One, 10 quart (9.5 liter).

Mix Hopper

One, 12 quart (11.4 liter). An adjustable setting in the refrigeration system maintains mix temperatures in the hopper.

Indicator Lights

Add Mix light alerts the operator to add mix. When the Mix Out light flashes, the unit shuts down automatically to prevent damage.

Automatic Consistency Control

Refrigeration is regulated by monitoring viscosity. Adjustable control allows the operator to serve a wide variety of frozen beverages from regular slush to cocktails, pre-mix or neutral base, all at the desired thickness.

Flavor Cards

Four static cling flavor cards are provided: Frozen Drinks, Frozen Cocktails, Frozen Fruit Drinks and Margaritas.

Continuous Auto Fill System (Optional)

Mix supply to the hopper can be replenished automatically from a remote delivery system customized to suit your business by your local Taylor distributor.

Lighted Display (Optional)

Create even more attention with the optional lighted display.
